Bringing you clean and low-cost electricity

Seattle City Light is dedicated to delivering environmentally responsible, safe, low-cost and reliable power. We are proud that:

- 90% of our energy is generated through clean and renewable hydroelectric sources.
- Seattle has the lowest commercial and residential rates of any comparably sized U.S. city.
- We became the first electric utility in the country to achieve greenhouse-gas neutrality.
- Our 30+ year history of conservation has saved our customers more than \$680 million.

Conservation is our energy resource of choice

When our customers conserve, we reduce the need to build new power plants or buy power generated using fossil fuels, which helps us reduce carbon emissions and keep your rates down.

Visit www.seattle.gov/light/conserve/resident to find useful publications and conservation tips that can help save you money and save energy. Or talk to our energy experts at (206) 684-3800.

Resource Conservation Programs for Multifamily Housing Owners and Developers — Save Money & the Environment

Conservation Help Line

(206) 684-3800

Staffed Monday through Friday from 8:15 am to 4:45 pm. Call for information on any of Seattle City Light's multifamily weatherization programs described below, or to get advice on saving energy and money for you and your tenants.

Conservation Web Site

www.seattle.gov/light/conserve

Log on for information on a variety of incentives to help multifamily owners and tenants save energy and money. Plus, lots of tips and advice on how to save energy at home or work.

New Construction Rebates

We offer no-cost technical assistance and cash discounts to build your 5+ unit apartment building to more efficient standards than required by code. Special services for affordable housing projects. Rebates available for windows, insulation, ventilation, lighting and appliances. **(206) 684-3800** or www.seattle.gov/light/conserve/resident

Weatherization Rebates

If you have single-pane or old aluminum double-pane windows, or need more insulation, we offer financial incentives for both measures. Electric heat required. For owners of 5+ unit apartments or condominiums. **(206) 684-3800** or www.seattle.gov/light/conserve/resident

Lighting Rebates

Get up to an 85% rebate for upgrading your in-unit and common area lighting. Use any licensed installer. Free lighting survey, bid review, technical assistance and quality control. For owners of 5+ unit apartments or condominiums. **(206) 684-3800** or www.seattle.gov/light/conserve/resident

Clothes Washer Rebates

Rebates are available for both residential and coin-operated washing machines that meet efficiency qualifications. **(206) 615-1282** or www.savingwater.org

Irrigation Rebates

Rebates on rain sensors, free irrigation assessments and financial incentives for irrigation upgrades that save water. **(206) 684-5955** or www.savingwater.org

Free Toilets (or rebates)

If you have older inefficient toilets (pre-1994) in your 4+ unit apartment building, free toilets or rebates (\$100) are available for replacing them with new water-saving models. **(206) 684-SAVE (7283)** or www.savingwater.org

No-cost CFLs and Showerheads

Let us know how many CFLs and water-saving showerheads you need for each unit, and we will deliver them to you. **(206) 684-3800** or www.seattle.gov/light/conserve/resident

Food & Yard Waste Collection

Food and yard waste collection is available through either curbside or on-site pick up service. **(206) 684-7665** or www.seattle.gov/util. Sign up a Friend of Recycling and Composting (FORC) steward for your property and get a one-time \$100 credit on your garbage bill. **(206) 684-8717**.

For Income-Eligible Tenants

For multifamily properties where 50% or more tenants meet low-income guidelines, the Seattle Office of Housing provides substantial grants for a variety of energy conservation measures. **(206) 684-0244** or www.seattle.gov/housing
